“The Hunchback of Notre Dame”: Production Notes

October proved to be busy for our cast and crew. With only four weeks until opening night, practices are getting increasingly intense on the GVPAA stage. Students are running their scenes while interacting with the massive components of our continuously growing set. WOW—things are shaping up beautifully!

To further add to the authenticity of Hunchback, some of our actors will be receiving weapons training this month! A huge thank you to Sid for volunteering his time to instruct our actors in the art of safe and convincing sword work. In early October, the directing team completed auditions and casting for the upcoming spring production of “Seussical”. Our

twenty young performers will be previewing “Seussical” during the pre-show performances. They have been working hard!

CAST-BONDING NIGHT

The traditional trip to Bates Motel proved to be another “hauntingly” amazing experience. What a true testament to the long-lasting friendships that have been formed in Drama Club. Our students enjoy time together inside and outside the walls of the GVHS auditorium.

FACEBOOK FRENZY

Throughout the month of November, Facebook will be blowing up with tons of information and contests revolving around our fall production. So, stay connected to what is happening!! Look for weekly actor and director spotlights, trivia contests, and free ticket giveaways. You don't want to miss these fantastic promotions of our show!

Volunteer Opportunities:

Want to help?

These committees need YOU!

Concessions: Set up, sell, and clean up during performances

Hair and Make Up: Dress rehearsal and performances

Set Design: Saturday set-building

Ushering: Performances

Kiss the Cast: Work the table during performances
